

# CITY OF RIVERSIDE LIBRARY USERS— READ IS COMING!

**ON JUNE 8TH, THE WAY YOU BORROW WILL CHANGE.**

Riverside's Enhanced Accessilbilty Database (READ) will be in place June 8.

**To use READ, you will need a City of Riverside Public Library Card.** City of Riverside residents with older cards may need to obtain a new card. County of Riverside residents may need to obtain a new card. Just ask our staff and they will be happy to help you through this new process.

To get a new card you'll fill out a simple application, show photo I.D., and show proof of California residency. Applications are available at all City of Riverside libraries. Once your registration is verified, you can borrow materials.

With a new City of Riverside Public Library Card, any materials you request from the READ catalog will be delivered to the library you choose within the City of Riverside system.

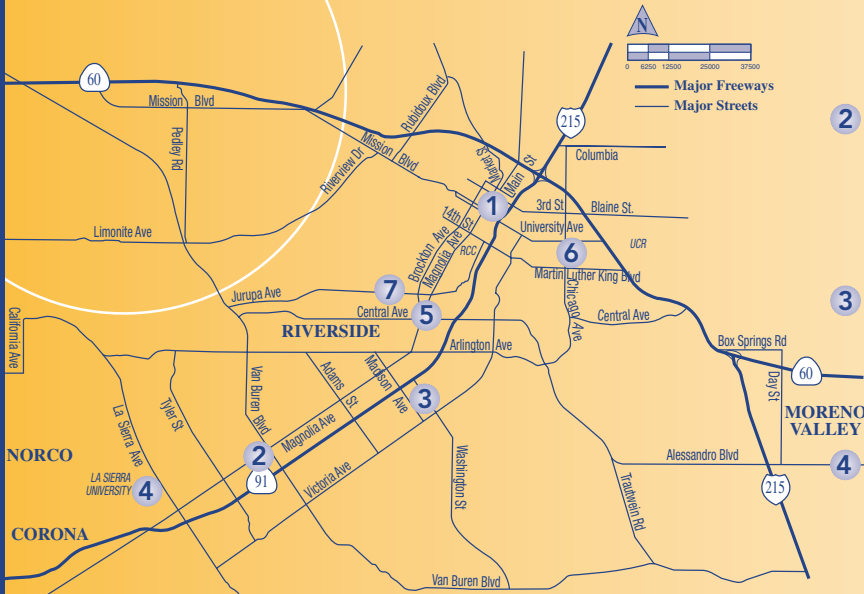

We apologize for any inconvenience but during the changeover, there will be no automatic borrowing between the County of Riverside and City of Riverside systems.

For answers to frequently asked questions, just ask a staff member or go online to:
